or with his conditions that would make this Bill, more palatable to him, and he is willing to live with the Shield Law as it is. I think he must be very acutely aware of the fact, that the, this Legislature had the opportunity to consider his perspective on the Shield Law, when we passed the original one, and he is apparently willing to live without his a, desires in this matter, but he would like a second chance with this Legislature and thats quite different situation and certainly not one that would subject him to the a, to the lable of a liar and a hypocrite in this situation and thats all I wanted to point out in this case.

PRESIDENT: Well, Senator Chambers for what purpose do you rise?

SENATOR CHAMBERS: Be very brief, Mr. President.

PRESIDENT: Is this a point of personal privilege?

SENATOR CHAMBERS: Yes. Senator Cavanaugh, any time I have something to say, I'll say it openly. I'll say it on this floor. I'll address it to the individual intended. There is no back stabbing by me. There is no under handed dealing. There is no taking of a position today, then changing it, and springing it as a surprise tomorrow. So any time, you or anybody else takes offense at what I say, I welcome the opportunity to justify what I've said and defend it, and I stand by what I said, four square. Even more so now than before and the only time, what a minute, let me get myself together. If there were a group of jack-asses in a field, and I threw a rock out there, the only one that would say hee-haw is the one that is hit.

PRESIDENT: All right, Senator Nore, for what purpose do you wish to be recognized? Senator Nore?

SENATOR NORE: Mr. President, and fellow members, I happened to be one that voted against the Shield Law and I don't think we need it, and if someone can, can show me where we have needed this law in the past, I would like to hear from them. This Law is superfluous.
